

RoHS compliance statement

Dear Customers,

This document certifies that Pixelink's products comply with the European Union Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment ("RoHS") Directive (2011/65/EU).

The RoHS directive prohibits the sale of electronic equipment containing the following hazardous substances: **lead, cadmium, mercury, hexavalent chromium, polybrominated biphenyls ("PBB") and polybrominated diphenylethers ("PBDE")** in the European Union.

RoHS-Compatible - products that either (i) contain no more than a maximum concentration value of 0.1% by weight in homogeneous materials for lead, mercury, hexavalent chromium, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE) and no more than 0.01% by weight in homogeneous materials for cadmium; or (ii) fall within one of the stated exemptions set forth in the Annex to the RoHS Directive.

We certify, based on available information, that our products satisfy the requirements specified above by the RoHS Directive with respect to the various categories of electronic products.

Waste Elimination

Pixelink will accept and recycle or dispose of any Pixelink product that is no longer required by the customer. To return a product for recycling, please contact Pixelink Support (support@pixelink.com) and request a Return Material Authorization (RMA) number.
